I believe that only 1 sample was collected today. It may be easier to just put the new sample on a different COC and request letter, but send them in together.

If you can differentiate, we only need to know if there is any oil for the ones today.  
Keith – How many did you pull? I need to update the request letter.

I already talked to Sherman about it. We just sat down for lunch, but afterwards, Toyrus and I are planning to head that way. Toyrus is planning to stay and help and I'm planning to take sample back and send out with the others.

Erik – attached is the signed document. Keith took another sample today, but if it delays the shipping of these, we can send the next ones tomorrow or Wed.

Attached is the request letter. I filled-out everything that I believe we need except for your signature. I also attached the COC for review.
